

COMPETITION HIKE

Every year in Bucks we have our Competition Hike. Teams of girls and adults navigate themselves around a course of 5, 10 or 20km visiting check points in the fastest time possible to hopefully win one of the coveted boot trophies. The event regularly has over 150 walkers and many volunteers help with the event which has happened for 25years. Due to the pandemic this year will have to be different so we will be having a virtual hike event. Families, unit groups, friends or whatever is allowed by the rules in place at the time will be encouraged to walk one of the distances in their local area. They can either plan their own route or use one of the ones we will provide around the county. There will also be a competition for everyone to enter while out walking.
